## CCTV Integration

### AxiomV exacqVision CCTV Integration

Integration capabilities of our sophisticated Access Control and Security Management Systems are further extended through an open architecture interface with a wide range of Video Surveillance Systems, one of which is with exacqVision Video Management Systems.

Simplifying video search or allowing Access Point control directly from the live video screen provides a wide range of user friendly features. Over the Internet or office LAN, a system user has direct system-wide access to live video, event viewing, history event-based video search and video export functionalities. Custom tailored assignments link individual Access and Monitoring Points to specific cameras across multiple DVRs, providing an ability to set pre- and post-alarm viewing preferences and PTZ shots. Our system provides direct access to CCTV features from the System Status screen, Event Log display and History Report module.

### FEATURES INCLUDE:

- LIVE VIDEO ON SCREEN
- PRE, POST EVENT VIEWING
- HISTORY EVENT VIEWING
- HISTORY REPORT INTEGRATION
- UNIVERSALLY ACCESSIBLE
- FULLY INTEGRATED
- MULTIPLE MAKES SUPPORTED
- CONTROL PTZ ON-SCREEN
- PTZ DOME CALL ASSIGNMENT
